Albuquerque Also Has Nine 300 Hitters; Murphy Leads League Batters, and Duddy, El Pasoan, Is Second; Duddy Gets Most Doubles and Leads in Total Bases; Official Figures of the League.

HE first lastic of official averages of the Illo Grande Hase-bull association has been mail association has been made and includes fluures for all names up to and including the games of Sunday, May 25, the last day that Bouglas and Las Cruces played in the circuit. There has been considerable delay in getting out the rigures, due to the fallure of the efficial searce at Douglas to send in the figures of the rainer there and a delay in obtaining the sifficial fineres of the Phoenix-Las Cruces series. In a note attached to the figures, it is stated that the records of the Douglas-El Pano series had to be obtained from the newspaper box scores and that they are rather incomplete, as the Douglas-society species of record of stolen hances.

ins activers gave no record of stolen hancs.

The individual butting of the El Paso players is almost uniformly good. There are 26 players in the circuit who had butting marks hetter than .300 up to May 23 and nine of these players are with the focal cish. Alhuquerque has also in the .300 class, but one, Stevens, had played only one game with the Dukes.

Murphy, the Duke outifelder, leads the hatters saf the league, with George Duddy, of El Paso, a very close second. Duddy, however, stands out as the more of a "frace buster" than Murphy, as he has mure doubles and his total basemark is better. In fielding, Duddy has a big markin over the northern singuer. Kitty Knight comes along in the thid position minong the regulars. Herriott, the Albuquerque first baseman, is hit-

ting the ball at a 434 ellp and fol-lows kinight. McGilvray, of Doug-las, led all the first basemen in rielding but was away down in the bestim-

loss indigated the first banemen in fielding but was away down in the harting.

Buildy Gets Most Boukles.

Duddy Gets Most Boukles.

Duddy leads in doubles, with 12; with Murphy, Herriott and French, all of the Bukes, following close behind. Duddy is also the leader in total bases, with 5th Harlsman leads in home raus, according to the figures, with three; but that figure has since been passed by Buddy, whose work at Tucson was of a sensational order.

Stadelli Best Rur Getter.

Stadelli, of the Old Pueblos, leads in ron getting, with 25 to his cedit, while French, of the Bukes, is second with 24. Johnny Hayes and George Buddy were the best run getters with the Mackmen.

The fielding records of both Hayes and Lee suffered considerably through errors made while playing infield positions. Both are outfielders and there is an explanatory note on the figures for their fielding.

Jack Hiss leads the catchers in batting, with his brother, "Toots" Hiss second.

El Paso has four of the players having a batting pitcher, with Jack Blisa second.

El Paso has four of the players having a batting and Ruce have been in all the games played by the Mackmen, however, while Knight was in 11 of the first 18 games. Dayls, of the Dukes, leads in stolen bases with 11 while Pittman, of, the Solons and Stroloff, of the Old Pueblins, are tied for second place with six each.

# Individual Fielding and Batting

The following figures show the work of all players who took part in two or more frague games and include all games of May 23, 1915:
